2SLGBTQ+ Foundations Course
01, October 2026
ONLINE

This course was taught by Rainbow Health Ontario, a program of Sherbourne Health. Rainbow Health Ontario creates opportunities for the health care system to better serve 2SLGBTQ communities. RHO promotes better 2SLGBTQ health outcomes by improving access to relevant and appropriate care. Through knowledge transfer and education, RHO builds capacity for evidence-based systems and practice change. RHO trains health care providers in clinical and cultural competencies, produces print and web resources, acts as a research catalyst, works with public sector and organizational agents to inform public policy, and hosts Canada's largest 2SLGBTQ health conference. Primarily funded by Ontario Health, RHO's work also receives donor and community support.
